Product Reviews

The Power of C

L-ascorbic acid, the most biocompatible and potent form of vitamin C, promotes collagen synthesis, lightens hyperpigmentation and protects skin against the aging effects of UV radiation. PCA SKIN Clinical Care Products offers three different formulations containing L-ascorbic acid:

pHaze 15+ C-Quench Antioxidant Serum, pHaze 16 C-Strength 15% with 5% Vitamin E and pHaze 16 C-Strength 20% with 5% Vitamin E. Contact: 877.PCA.SKIN or www.pcaskin.com

Help Repair Bruising

New from Optimal-Outcome Rapid Healing Skincare is a post-procedure product for those who bruise easily.

UpKeep Body Builder Deep Moisturizing Body Lotion, Anti-Bruise Formula's exclusive complex of natural ingredients aids circulatory function. Carrot seed oil fortifies cell walls, horse chestnut seed extract and butcher's broom support the vascular system, while vitamin K3 helps repair small capillaries and prevent vessel ruptures. Contact: 888.703.3800 or www.optimal-outcome.com

New Hydrating Tonic

A calming and hydrating refresher for all skin types, Sensitive Skin Tonic with Aloe from Control Corrective Skincare is ideally suited for dry or sensitive skin. It soothes skin prone to redness and irritation and helps restore pH balance. Additionally, Sensitive Skin Tonic removes impurities after cleansing, helps heal sensitive or irritated areas and rehydrates skin, bringing back vitality. Contact: 800.558.5571 or www.universalcompanies.com

Lighten Up Eyes

Prescribed Solutions' Vitamin K Eye Therapy is a lightweight, rapidly absorbed serum, designed to alleviate puffiness and dark circles and smooth fine lines around the eyes. Vitamin K and arnica work synergistically to reduce dark circles while hibiscus flower extract inhibits the mechanical factors responsible for expression lines. In clinical trials, 65% of the panelists showed a measurable difference in eye puffiness after 28 days and a 26% reduction in fine lines over a three-week period. Contact: 212.929.9915 or www.prescribedsolutions.com

Cellulite Treatment

STARVAC, a leading French manufacturer for cellulite reduction equipment, is CIDESCO certified in effective treatment of cellulite. It offers all the benefits of manual massage techniques, helps tone the skin, stimulates lymphatic blood circulation, assists in body contouring, helps eliminate toxins, relaxes and rejuvenates. STARVAC will have training centers throughout the U.S. and are hosted through Skin for Life. To register to training, contact 866.312.SKIN or www.skinforlife.com

Phototherapy System

The SkinStation Clinical Phototherapy System is powered by LHE technology, a Radiance innovation that combines light with heat energy for uncompromising safety and efficacy in the treatment of acne vulgaris, pigmented and vascular lesions, psoriasis and hair removal. SkinStation is lightweight for easy portability and its Click & Switch treatment heads allow you to go from one application to another in seconds. Contact: 888.661.2220 or www.radiancy.com
